STANDING ON TWO PLATFORMS.

Dr. Norment Wants a Cartoon of Dockery.

Dr. R. M. Norment, the independent republican candidate for Congress in the Sixth district, was in the city yesterday. While here the Doctor called at the Executive office and spent some time with the Governor.

When a Post reporter found Dr. Norment he was looking for Cartoonist Jennett. "Where is that young man that draws pictures?" he asked. "I want him to sketch me a cartoon of the old man."

"Who is the old man?" the Doctor was asked.

"Old man Dockery."

"What kind of a picture do you want?"

"I want him with both legs straddled out. One leg on the populist platform and the other on the republican platform. When I get this cartoon I am going to issue an address. In this address I have two letters written by old man Dockery. One is a silver letter and one a gold letter. I am going to put them side by side."

"But they say you are coming down?"

"Who says so. I am up to stay, unless they offer to make me minister to Mexico or something better. I've got no idea of coming down."

"How is your vote going to run?"

"I'll lick the whole caboodle of them. Dockery is a traitor. Every body knows he voted for Cy Watson for governor. His election would mean defeat to the party. He is no republican. He helped the democrats to defeat the republican party."

"Is there going to be fusion in the Congressional districts?"

"I don't know. I see they are nominating pops in all the districts. I think the districts will be allowed to take such action as they please. Some of the pop candidates are decoys."—Morning Post.

Apple Juice Plentiful.

Edney Ridge, who left about two weeks ago for a visit to relatives in the southern part of Montgomery county, returned home today. He rode his wheel most of the way, but was finally forced to walk, having had eight spokes broken. On the return trip he boarded the train at Asheboro as the mud was too deep for wheeling. Edney says the people down in Montgomery turn up their noses at milk and water. Apple juice is plentiful and takes the place of all other beverages, both at meal time and between meals. He says water now tastes funny.

Use a Disinfectant.

There is a disagreeable smell around the little express office at the Southern depot caused by the drippings from boxes and barrels of fish which are being shipped to or through Greensboro. The fish are placed on trucks to await transfer and the drippings from the boxes make puddles on the ground there. When the sun shines on this it makes a most unpleasant and unhealthy odor. The express company is not at fault as there is no way to stop the dripping but the sanitary officer might incur the gratitude of the public by seeing that lime or some other disinfectant is freely used there.

Ladies' oxford ties, regular \$2.50 and \$2.00 grade, to be sold from now on for \$1.50 at Thacker & Brockmann's; \$1.25 quality at 95 cents. Also have a few dozen pairs infants and children's sandals, chocolate and black, that we will sell at factory cost, or less, rather than carry them over.

Hot Tamale!

With his left thumb pointing over his shoulder in the direction of Mangum, Richmond county, Dr. R. M. Norment, of Robeson, said to the Observer's Raleigh correspondent Wednesday, in speaking of the congressional race in the Sixth district:

"Most of our republican voters are negroes and they do not vote for traitors who have deceived them."

The Colored Firemen.

The following message was received last evening by Dr. J. W. Griffith, secretary of the North Carolina Firemen's Association. The message is from Charlotte, where the colored firemen's association is now being held:

"Dr. J. W. Griffith, Secretary, Greensboro, N. C.:

"The colored firemen have endorsed the resolution passed at Goldsboro relative to the Southern railroad."

THE PEACE PRELIMINARIES.

Formal Execution Expected To Take Place Today.

GARCIA WANTS TO RECONSIDER.

American Colony in Australia Wants United States to Retain Possession of The Philippines.

By Wire to THE TELEGRAM.

Washington, Aug. 12.—The peace protocol will not be signed previous to the cabinet meeting, but will probably be signed sometime this afternoon. The French Ambassador, up to 11:30 o'clock, had received no authority to sign the protocol, although aware that such authorization is now enroute from Madrid. No doubt is entertained at the French Embassy that a formal execution of the preliminaries of the peace agreement will take place sometime during the day.

SATISFACTION AMONG CUBANS.

Santiago, Aug. 12.—The Cubans express great satisfaction over the dismissal of the civil government, the retention of which since the occupation by the United States forces has been the source of much serious contention. Ros, who was major under Capriles, was made governor when the latter left with Cervera. Since the surrender his occupation of the office has been one of the principal causes of Cuban grievance. The municipal authorities throughout the province are being retained, and there will be no interference with religion or education.

The arrangements of the outlying towns which are still occupied by the Spanish will be proceeded with as soon as possible. Lieut. M. ley, of General Shafter's staff, goes tomorrow to receive the surrender of the garrison of Baracoa.

The steamer Breakwater has arrived here with eight doctors and a quantity of hospital supplies.

OLD GLORY AT MONTAUK.

Montauk, Aug. 12.—The American flag was hoisted over the camp here for the first time this morning, by the Second cavalry. The camp is slowly getting into shape. Over two thousand troops have arrived and five hundred tents pitched.

DESPATCH FROM SHAFER.

Washington, Aug. 12.—The following despatch was posted at the war department this morning:

The St. Louis left Morro during the night of the 11th inst. with the Ninth and Tenth infantry and two companies of the Seventy-first New York. The St. Paul should have left last night with the second infantry and four companies of the Seventy-first.

General Kent and his staff leaves in a very few minutes with the Twenty-first infantry. The Rio Grand, with Colonel Sargeant's regiment aboard, has just arrived.

[Signed] Shafter.

GARCIA RECONSIDERS.

Santiago, August 12.—General Garcia, who in anger because the city after the surrender was not turned over to the Cubans, severed all relations with the United States army, indicates a desire to reconsider the act in a letter received by General Shafter dated August 5th, from Jibara.

GOING TO MANILA.

San Francisco, August 12.—General Merriam has issued orders indicating that the troops going to Manila next Sunday on the Arizona will consist of the Eighteenth and Twenty-third infantry, the Second Oregon recruits, the Tenth Pennsylvania, First Colorado and the First Nebraska. All the recruits making a total of sixteen hundred and twenty men. The Scandia has been ordered to prepare to leave on Thursday with the Seventh California and a portion of an artillery company. The Red Cross society has been allowed to send to Manila six trained nurses.

A Wicked Joke.

A number of young people were enjoying a social last night at Mr. Glascock's, on Asheboro street, and had provided two gallons of cream cheese to be served before the party was over. It was placed on the back porch, and was thought to be safe, but when preparations began to serve it the freezer containing it had disappeared. It is believed to have been a joke on the young people. It was too cruel.

A Check That Checked.

Admiral Cervera has received a check for \$50,000 from Spain. This was a small matter compared with the check he got from Commodore Schley when he came from Santiago.—Wilmington Star.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Aug. 12, '98.

In addition to the step we have taken to accommodate our subscribers who have no lock box, by leaving their papers in the corner drugstore, we have now succeeded in having them sent on the first evening train. They can now get their paper an hour earlier. As stated before all desiring their paper this way will please let us know. By the above step we add four new subscribers to the list today.

Cards announcing the marriage of Mr. T. F. Wrenn to Miss Sarah E. Weeden, both of this city, were received here yesterday. They were married at Connelly Springs Wednesday August 10th. They will be at home after October 1st.

We are glad to know that gravel has been hauled and put down between those rails on Main street crossing of which we spoke of a few days since as being badly needed.

We were asked today who had reference to yesterday's item speaking of the privileged characters of the new bicycle law. We beg to inform our readers that we sold that just as we bought it. The young man who spoke it must have had reference to the new bicycle law that allows no one to ride the sidewalks except by paying a tax of \$2.50. In this law there can be no privilege characters as long as that law stands good.

The rain of course has not been so pleasant to our visitors but we have not as yet heard of our farmers complaining.

The lecture on Peace at the Friends church by Wm. G. Hubbard, of Cleveland, Ohio, who is considered one of their ablest preachers was somewhat disappointing. We think that his accusation of drunkenness and rowdiness among the American soldiers was a little too far fetched.

"Jug" Ingram has erected a platform in front of his store to display his furniture on during the week. The Friends are welcome to it on Sunday.

The attendance at the Yearly Meeting has not been so large yet on account of the inclement weather though a large number of visitors are present.

As we cannot find out a day ahead who will conduct the services at the Friends church, we have failed so far to give our readers the news as we intended.

Mrs. J. B. Fields, of Greensboro, is attending the Yearly Meeting.

Miss Henryanna Hackney, of Guilford, is attending the meeting.

J. C. Callum, of Greensboro, is in the city.

Miss Susa Gurley, of Windsor, is visiting her brother Frank Gurley.

Miss Clayton McCrary, of Lexington, is visiting the Misses Alexanders.

John W. Marsh passed through last night from Greensboro with his brother Walter who was taken sick there. He was carried to his home in Thomasville. John returned this morning.

Prof. W. A. Blair spent last night at his old home and returned to Winston this morning.

Miss Kate Starr, of Winston, is visiting Misses Cora and Bessie Hoskins on Hamilton street.

Marvin Jordan returned last night from Thomasville.

Miss Irene Royster, of Greensboro, who has been visiting Mrs. Ed Steele returned home yesterday.

Miss Mamie Holt, of Greensboro, is visiting Miss Velna Denny.

S. E. Peterson went to Salem today.

A. V. Sapp and J. L. Seohrest are spending the day in Greensboro.

Mrs. W. H. Ragan is spending the day in Greensboro.

C. C. McAllister, of Asheboro, passed through this morning.

J. B. Stroud, of Greensboro, was in the city this morning.

Victims of Misplaced Confidence.

The "weather man" at Washington having assured the Epworth League, and the public generally, that this would be a fair day, followed by a beautiful evening preparations were made for a lawn party at Mrs. Crawford's for the benefit of Proximity church. The report has not been verified by succeeding events and the lawn party has been postponed until the first fair evening.

HONORABLE AND ENDURING!

The Kind of Peace Wished For by Queen Victoria.

FRENCH AMBASSADOR NOTIFIED.

M. Cambon Invested With "Such Power as is in Conformity to McKinley's Formulated Desire."

Cable to THE TELEGRAM.

Madrid, Aug. 12.—The Spanish government this morning notified the French Ambassador Del Casse of its acceptance of the protocol and asking the French government to transmit it to M. Cambon at Washington with such power as is in conformity with President McKinley's expressly formulated desire and will authorize him as the Ambassador of France at Washington to sign the protocol.

"ENDURING PEACE."

London, Aug. 12.—The English Parliament was prorogued today. The Queen's speech of prorogation contained little of importance except a slight reference to the eastern question and concerning the American-Spanish war. She said Her Majesty had witnessed, with the deepest sorrow, the hostilities between Spain and the United States; but that the present negotiations give hope of honorable and enduring peace.

TROOPS AT JERSEY CITY.

Jersey City, Aug. 12.—Troops A, J, D, and K, of the Rough Riders are quartered here pending the completion of arrangements for receiving the troops at Montauk Point, L. I. All the troops arriving today will be held over on the order of General Young.

PRAYER FROM AUSTRALIA.

Sidney, Australia, Aug. 12.—The American colony here through the United States consul, have cabled to the government at Washington praying the United States to retain possession of the Philippine islands.

FIRST CAPTURED FLAG.

West Superior, Wis., Aug. 12.—The first Spanish flag captured in Porto Rico has been received here from Lieut. Smith, of Company I, Third Wisconsin regiment. The flag was captured by Company I, which was the first to enter the Spanish barracks at Ponce, over which the flag floated. The trophy will be preserved for its captors.

Petition to the President.

To the President of the United States: Whereas, the so-called army canten system, professedly designed to keep our soldiers from the temptations of saloons outside of camps has, in fact, resulted in bringing the saloon temptation directly within the camp, exposing thereto many thousands of young men carefully nurtured in temperance principals and Christian homes and churches.

Whereas, the amount of liquor consumed (the sales often averaging from \$100 to \$200 per day to a canteen) threatens seriously to injure the military efficiency of our troops and to cause wide-spread demoralization on the return of those troops to peaceful life, and

Whereas, leading army surgeons declare the use of alcoholic liquors of any kind to be extremely dangerous to the health and stamina of our soldiers camping in a tropical climate like Cuba.

We, the undersigned, do hereby respectfully petition, that you will, to the extent of your authority as commander-in-chief of the army, forbid the sale of intoxicating liquors at all posts and camp exchanges, or else within the lines of the armies of the United States.

Greensboro, N. C., Aug. 8, '98.

The above is the body of a petition similar to the one mentioned in this paper a few days ago. It will be circulated for signatures and sent to the president.

Scrap With Anarchists in Brussels.

Brussels, Aug. 11.—While a policeman was arresting a militant anarchist named Willems, the latter shot and wounded the officer and then escaped. The anarchist also shot several persons who attempted to capture him, but he was finally captured and lodged in jail. Later the police visited Willems' lodgings, where they found two anarchists who promptly opened fire on the officers. A policeman replied to this fire, fatally wounding one of the anarchists. His companion was captured.

FOUND DEAD IN BED.

An Overdose of Morphine Causes Dr. Caldwell Fewell's Death.

Dr. Caldwell Fewell, of Ebenezer, S. C., son of Dr. W. B. Fewell, of Rock Hill, S. C., was found dead in his bed yesterday morning at 5 o'clock, death having been caused from an overdose of morphine, which, it seems, was more than his system could stand. His wife woke up at 5 o'clock and put her hand on his head to see how he was. She was horror-stricken to find him dead.

Dr. Fewell was about 38 years of age. He was a nephew of Dr. J. B. Alexander, of this city. He was a practitioner and was a prominent citizen in his section. He leaves a wife and several children. His daughter, Miss Lottie Fewell, was visiting at Mt. Holly; another daughter, Miss Salde, at Mr. David Alexander's, in this county. They were sent for yesterday, arrived here last night, going on to Ebenezer on the 10:10 train. Dr. Alexander accompanied them.—Charlotte Observer.

THE PRIMARIES.

Tomorrow afternoon at 2 o'clock is the time set for the democratic primaries. Let us again urge upon democrats the necessity for attending. In the plan of our government there is no place where each individual can assert his sovereignty as at the primaries. It is not only a great privilege, but is a duty every man owes his party and his country.

Attend the primaries. Lend your counsel in the matter of selecting the best men to become servants of the people. An officer is a servant—a public servant—and every voter and taxpayer should feel as much interest in making the selection as the stockholders do in selecting a bank cashier.

Attend the primaries tomorrow afternoon at 2 o'clock.

Editor W. C. Dowd, of the Charlotte News, and Hon. F. I. Osborne are close contestants for the senatorial nomination in Mecklenburg county. Editor Dowd filled that place four years ago with ability, and has many friends over the state who would be glad to see him returned.

It is almost a pity for the war to end without puncturing Blanco and taking the conceit out of him. When the war was brewing he announced, with great bluster, that he didn't need any more help, and that he was abundantly able to take care of himself. Lee should have been allowed to whack him.

The Carthage Blade has been sold by Mr. J. B. Campbell to Mr. U. L. Spencer, a rising young lawyer of Carthage. The Blade has a good field and is published among some of the best people in the world. Long life to it and may the new editor and owner prosper while serving the news clean and fresh to the good people of Moore.

The insurgent leader in the Philippine Islands, General Aguinaldo, is only 27 years old. He is still young enough, remarks the Wilmington Star, to learn a great deal, if he takes advantage of his opportunities. It isn't every young man who has the advantage of such level-headed instructors as Admiral Dewey and General Merritt.

Another evidence of the bungling management of things by the Washington authorities is the fact that the place selected, Montauk Point, for a camp for General Shafter's army is totally without a water supply. The water now has to be transported to the camp. Wells are being bored all over the place, but so far without success. It is strange that this, really a most important item, should have been overlooked.

WHY NOT TOTE FAIR?

Observations Which Commend Themselves to Honest People.

The Charlotte Observer of today says editorially: "Reform" has, among other things, as we have heretofore pointed out on several occasions, introduced some new styles in journalism into North Carolina, one of which is, in dealing with a newspaper which does not subscribe to all that "reform" stands for, to allege that it has been bought, and dismiss the matter with a wave of the hand.

Another is to take a sentence from an editorial in a dissenting newspaper, place upon it whatever construction will best serve a partisan end, and launch that interpretation as the meaning of the paper quoted.

For instance, The Observer about a week ago, referring to the decadence of the populist party in the west, and to its decadence in the south, as evidenced by the Alabama election, said, "We hope that the populist of this state will be warned in time and will seek a safe habitation before the crash comes."

Anybody of intelligence, taking this sentence in its proper connection, or even by itself, would know that it was an invitation to the North Carolina populists to take shelter in the democratic party before their own houses went to pieces; but firm in its faith in the ignorance or mental perversion of its readers, The Progressive Farmer submits the following comment upon it:

"We presume that the above is a threat. The Observer thinks that if the democrats can succeed in carrying the state they will resurrect all their old schemes of brutality, and make it so hot for the populists in this state that they will be glad to escape from the borders into some other land."

Now the people conducting The Progressive Farmer not only know perfectly well that The Observer meant no threat, that it did not mean what they say it meant, but they know exactly what it did mean. This deliberate and conscious perversion of language is neither honest nor decent journalism.

Two or three weeks ago the Observer, speaking of the "reform" bosses, who have dragged the populist party, and the state along with it, into a bog, very properly characterized them as "white faced devils." Our Home, of Beaver Dam, another "reform" paper, knew who we were talking about, for the editorial from which it quoted these three words said distinctly, and it closed with the statement that these bosses had betrayed the populist masses; yet Our Home alleged that the Observer had called "the populists" "white faced devils," and though in the most courteous and amiable way we called its attention last week to the fact that it had perverted our meaning, its issue this week is dumb as to the whole subject. It neither withdraws its baseless charge nor gives us the benefit of our disclaimer.

How can the people trust a press which is guilty of such misrepresentation as this of a contemporary which never fails in courtesy to it?

General News in a Nutshell.

Chicago's tallest and thinnest citizen died the other day. He was seven feet eight inches in height, and weighed only 125 pounds. It is interesting to note the fact that he was a Pole.

Monumental memorial of Gladstone are to be set up in the capitals of England, Scotland and Ireland. No decision has yet been reached as to what their precise form shall be.

Copenhagen's Rounder Tower, built in the eleventh century and 150 feet high, is to be moved bodily a distance of 150 feet in order to widen a business street.

Siam's royal family carried bicycles home from Europe. Now every noble of Siam is trying to ride a wheel. Great improvements in the roads of the country are anticipated.

"Too warm to sleep," says the Boston Transcript, "is a common accusation against the weather in these humid days and nights. A physician says that acute insomnia may be very promptly cured by the practice of deep breathing. Draw into the lungs as much air as possible, and do not exhale it until obliged to, and then as slowly as possible."

The inspector of the Fifth Gendarmerie corps, of France, has forbidden the use of the bicycle in the service. He has evidently not read Gen. Miles' assertion concerning the victory that is to perch on the first army to adopt the wheel.

Near the main highway leading through York Harbor, Me., are the remains of the mansion, where, two hundred and fifty years ago, dwelt a young English nobleman—Sir Thomas Gorges, the first mayor of Georgiana, in the Province of Lascenia. In the year 1641 York was invested with the powers of a city corporate and became the first English city in America.

Tumor In the Breast Cured

Six or seven years ago I had a lump
so known to come in my breast which
made it swell so much that it became
so hard I could not make a dent in
the breast. It was so painful and
caused me to suffer so that some nights
I could hardly turn in the bed or rest.
Nothing did me any good, and I was
very uneasy, not knowing how it
would terminate. I used one-half
dozen bottles of Mrs. Joe Person's
Remedy, without stopping on it, and
it made a perfect cure of me. The
lump disappeared gradually and I
have never had any trouble from it
since.

OWNED THE TOWN.

But The Policeman Invited Him to
Take a Ride.

Officers Jordan and Jeffries arrested
a man at the Southern depot yesterday
whose legs had become tangled as the
result of an overdose of firewater. His
brain was also infected from the same
cause and he had decided that he
owned Greensboro and everything in
it and did not hesitate to say so. He was
yelling at everybody and everything
and was about to turn over the little
express office to lie down on when the
officers interfered. They would give
him a more suitable place to sleep but
how to get him to it without making a
scene was the question that confronted
them. A little ride would not be detri-
mental to the health of any concerned
so they called a carriage and after
placing the unfortunate inside and
getting in themselves, Officer Jordan
pulled the bell cord and off they went
up South Elm street.

The man was too drunk to tell his
name but answered "Yes I do" to
every question. "Where do you live?"
he was asked, "Yes I do" he respon-
ded emphatically and he gave the same
answer to every other question.

He was placed in the lock-up and
soon fell asleep on the "downy" floor.
He will probably be surprised to find
an item for hack fare on his bill of
costs in the mayor's court this after-
noon.

Relics From Hong Kong.

Messrs. C. H. Forbitt and C. E.
Hornor the two sailors who were here
a few days ago on their way home
from Manila presented Thornwell
Witherspoon with a comb and coin
which they brought from Hong Kong,
China. The comb is aluminum and
has the word aluminum on it in En-
glish. This suggests that the comb
was made in England or America but
"Spooney" declares no such comb
was ever seen in America before. The
coin is a genuine Chinese piece. The
men promised to send "Spooney"
some souvenirs of the battle of Manila
as soon as they reach home.

A SUPPOSED BURGLAR.

A Young Man Who Was Out Calling
Attempts to Catch Him.

A young man went calling on a young
lady in West Greensboro last night
and while there had a thrilling experi-
ence. The head of the family was up
town on business, and but the visiting
young man the ladies would be alone
in the house.

The young man and the young lady
were in the parlor and about 10 o'clock
the lady in the opposite room made
the fact known that a negro had en-
deavored to open the window blind.

The young man called for a pistol
which was quickly furnished and arm-
ed with this and a lamp he and the
young lady began a search around
the house.

The young man thought of everything
mean he had done for years and how
much better mark he made than the
man he was after. The negro had fled,
however, and no trace of him could
be found.

This is not the first time thieves have
tried to enter the house, and prepara-
tions have been made to give them a
warm reception, should they call
again.

my life. It relieved me at once." For
